Secrets of Competitive Bidding Law

As Canadian competitive bidding law continues to expand and evolve in interesting - and potentially dangerous - ways for Owners, Bidders, Prime Contractors, and Sub-Trade Bidders, it is imperative that professionals who handle competitive bid contracts stay up-to-date with new developments. This seminar is designed for you, the procurement and supply chain professional, to help you understand how these laws impact the rights, responsibilities, and remedies of all parties involved in the competitive bid process. Only with knowledge can all parties manage the legal complexities of the procurement process safely. *Secrets of Competitive Bidding Law* helps you to unravel the legal mysteries of competitive bidding and brings you right up-to-date with the current state of the law, detailing the recent (and occasionally startling) decisions of our Courts, and providing all participants with the insight and awareness necessary to avoid the many pitfalls in this legally-charged area of procurement. Robert's "How To" Tips, Tricks and Checklists, Sample Clauses and timely commentary will help you demystify competitive bidding in these challenging economic times.
